

Beverly Wellington Program

Effective Winter 2026

A Flexible Program for a Tailored Experience at WEF

We're excited to welcome you to another winter season in Wellington! Our Beverly South program continues to deliver the flexibility, professionalism, and personal attention that set us apart.

Beverly's full-service, private hunter/jumper facility is only a short hack from WEF and offers the high-caliber experience you expect—without the financial pressure of long-term commitments.

Our Wellington program remains built on three core principles:

1. Flexible, Client-First Pricing

With nearly a decade of experience at WEF, we've refined a model that adapts to your goals and budget. Owning our own farm means:

- No season-long stall commitments
- No hidden service costs
- No commissions or forced sales agendas

You only pay for the services and shows that truly serve you and your horse.

2. Low-Key, Client-Led Planning

Every rider's calendar should reflect their own priorities. Our program is small by design, ensuring that your needs drive the schedule—not the other way around. Whether you want a lighter season, a few select weeks, or a full campaign, we tailor the plan accordingly.

3. Tailored to Your Goals

Just like our Virginia base, our Wellington barn prioritizes tranquility, compassionate care, and a no-drama environment. We handle the details of planning, management, and show logistics so you can focus on your riding, your horse, and enjoying the Florida experience.

✦ What's New in 2026?

- All program details, rates, and schedules now available directly through our Client Portal on the Beverly website.
- Two WEF focus periods this year:
 - Weeks 6 & 7 – our traditional mid-season circuit gathering.
 - Weeks 11 & 12 – an additional opportunity later in the season for riders and families to join us.
- Coordination with Beverly's structured lesson schedule and home shows to prepare horses and riders before heading south.

We will have our rate sheet available for you soon. Soon we will be asking for commitments if you plan to join us. We can't wait to make Winter 2026 in Wellington our best season yet—together.
