Welcome
TO THE 2027 WINTER BEVERLY CIRCUIT

Your Pathway Begins Here.

Dear Riders, Families, and Members of the Beverly Community,

Welcome to the 2027 Beverly Circuit—a year focused on growth, opportunity, and community. This Circuit celebrates the riders who show up, put in the work, and strengthen our sport from the ground up.

New for 2027: Our Winter and Spring Series will feature jumpers on Saturdays and hunters on Sundays. Both days will take place in the Grand Prix arena, giving each discipline its own day and a more relaxed atmosphere. Friday ticketed schooling and weekend stabling offer the opportunity to settle in, prepare, and make a weekend of it.

With this new format comes the same thoughtful courses, dedicated staff, and accessible, rider-focused competition you know at Beverly. Our medal classes and Circuit leaderboards continue to support riders as they build skills, confidence, and a season-long record of progress.

All Winter Series dates are recognized by VHSA and BHSA. We'll show outdoors as conditions allow, moving into the indoor arena when winter weather requires it.

We can't wait to see you in the ring this winter and celebrate the journey we're building together.

Warmly,

The Beverly Team

2027 CIRCUIT LEADERBOARD

LEADERBOARD PATHWAYS: OVERVIEW

For the 2027 Circuit, every discipline–Hunters, Jumpers, and Equitation–is organized into three developmental Pathways that mirror the Circuit Leaderboard and Finals Eligibility structure. These Pathways align riders with classes that match their skills, goals, and stage of progress.

Participation Pathway – Designed for our entry-level riders (we see you, Poles Pioneers!) building confidence, rhythm, and early show-ring comfort.

Introductory Pathway - For riders and horses building foundational skills and confidence in the show environment.

Development Pathway - For riders strengthening technique, pace, and consistency at traditional local show heights.

Performance Pathway - For riders ready for more technical questions or recognized-level goals.

Entry Fees & Information cont'd

The Closing Date for all entries is 12am on the Thursday before the show ("Closing Date"). Attach your required documents ("Docs") to your entry on Strider by the Closing Date; otherwise, an Administrative Fee ("Admin Fee") will apply. Even if you email your Docs to the show secretary to complete your entry before the Closing Date, an Admin Fee (for a non-Strider entry) will apply because you did not add directly to the portal.

Changes: Changing classes on the day of the show incurs no change fees. DO NOT submit show-day class add/drops to the show secretary. If a class change results in a credit on the show day, it can be used towards other fees AT THAT SHOW. A same day show class credit does not result in a REFUND absent special circumstances, such as a class being canceled outside of show management's control, and then, only upon email request to the show secretary at bevshowsec@gmail.com.

Scratches: Entries must be scratched on Strider before the Closing Date to receive any refund. Any refunds after the Closing Date are subject to a $50 Admin Fee per entry.

Credits: Credits are not automatic and must be requested by email (bevshowsec@gmail.com) within four (4) days after the show. Credits are valid only after the exhibitor receives written acknowledgement from the show office. To use an approved credit at a future show, exhibitors must email the show office with the acknowledgement at least two (2) days before the show's closing date for registration instructions. Exhibitors must enter at least one class; approved credits may then be applied to additional eligible class fees as requested by the competitor. Any credit not used within one (1) year of the date of the original show will expire.

Strider allows payment by credit card, Venmo, and PayPal. Any additional class fees can be settled at the show by check, cash, Venmo, or Zelle on the show day. No credit cards are accepted at the show.

- In classes without a jump-off, such as two-phase and optimum time classes, ties are not decided in a jump-off. Two-phase classes are placed on time in the second phase, and optimum time classes on the time closest to the optimum time. 2027 Circuit Leaderboard

Beverly has designed the 2027 Leaderboard Program to recognize and reward riders who work hard to improve their skills at their own level. We have greatly expanded the 2027 leaderboards to accomplish this goal. Managing ten separate leaderboards requires additional time, staffing, and administrative resources. A portion of the new 2027 office fee helps support this effort, along with our commitment to securing more prizes so that each leaderboard carries meaningful value for our riders.

1. Structure of the Pathway System
Beverly's Pathway system is a unique, Beverly-designed competitive framework recognizing riders at the level where they are actively competing.
Each discipline—Hunters, Jumpers, Equitation—is divided into three skill and (largely) height based pathways:

- Introductory
- Development
- Performance

These pathways form broad skill sets that mirror the natural progression of most riders through a given discipline. Riders may compete in any discipline and pathway at any time.

2. Earning Points in Multiple Pathways
- Riders may earn points in any pathway in which they compete.
- Points earned in one pathway are recorded only in that pathway's leaderboard.
- A rider may have point totals in several pathways simultaneously.

3. Moving Up a Pathway: The Move-Up Bonus
The Pathway system is designed to reward riders both for consistency at their level and for progression through the levels as they develop skill and confidence.
When a rider moves into a higher pathway level during the season, they retain all points earned in lower pathways and may receive a Move-Up Bonus at the new level.

A one-time 6-point Move-Up Bonus can be earned by rider who moves to a higher pathway provided that the rider earns points within their first two shows competing in the higher level pathway.

2027 Finals Qualification

Riders qualify for double points at the Beverly Circuit Finals by attending at least four Beverly qualifying shows, including at least one show after August 15.

- Qualifying shows include Beverly's recognized local shows and USEF-rated shows.
- Attendance qualification is based on the rider, not the horse.

Finals Participation and Points

All riders are welcome to compete at the Beverly Circuit Finals, regardless of qualification status.

- All riders compete in Finals classes, receive placings, and are eligible for Champion and Reserve.
- Points earned at the Finals count toward the Beverly Circuit leaderboards.
- Qualified riders earn double points at the Finals.
- Riders who have not met the qualification requirements earn points at the regular value.

Beverly Circuit points are separate from VHSA and BHSA standings.
The Beverly Circuit Finals is not a VHSA- or BHSA-recognized competition.

Loyalty Incentive

Riders who attend eight or more Beverly shows receive complimentary stabling at the Finals.

Team Awards

- Teams must consist of three to five riders.
- Team points are calculated using the top three riders' points at each show.
- Riders may compete in any division or discipline.
- Teams must register before the start of a show for points to count toward team standings at that show.
- To be eligible for team awards and standings, teams must participate in at least four shows with the same minimum of three riders.
- Additional restrictions may apply.
