Immersive Winter Clinics

Dear Riders,

We are excited to introduce a brand-new opportunity for our Beverly community: Beverly's Immersive Winter Break Clinics —a focused, three-day training experience designed to deepen your skills, strengthen your foundation, and set you up confidently for the 2026 season.

These small-group clinics will take place in our indoor arena over winter break and are designed specifically for riders in our regular program who are ready for a more intensive, progressive training format. Riders may participate on their own horses or reserve one of our safe, reliable school horses (first-come, first-served).

These clinics are an excellent way to gain extra saddle time, accelerate progress, and enter 2026 with clarity, confidence, and momentum. We are pleased to offer this opportunity first to our boarders and then to our dedicated Wakefield and lesson riders.

Please let us know within your priority window if you'd like to reserve your place.

Spaces are limited and expected to fill quickly.

Clinic Format

Group A

- Day 1 – Dressage Clinic: Build rideability through lateral work, transitions, and balance.
- Day 2 – Poles Clinic: Apply flatwork fundamentals over poles to develop rhythm and control.
- Day 3 – Grid Clinic: Improve timing, consistency, and confidence through gymnastic lines.

Group B

- Day 1 – Poles Clinic
- Day 2 – Grid Clinic
- Day 3 – Course Clinic: Bring skills together over a full course with a focus on straightness, rhythm, and letting distances come to you.

Question about what group is right for you or need more information? Email beverlyeq2010@gmail.com
